StarTrans Bus, A Supreme Corporation Company

574.642.4888

**Goshen, IN. – September 21, 2009** - Supreme Industries, Inc. (**NYSE Amex Equities: STS**), a leading manufacturer of specialized commercial vehicles, including truck bodies, shuttle buses, armored vehicles, homeland response vehicles and luxury motorcoaches, today announced that it has added the all new Senator E-LO to its StarTrans product lineup.

The Senator E-LO (E Series Low Floor) was designed with a single step entry for non-wheelchair users. The optional paratransit ramp provides ease of entry and egress from the vehicle for wheelchair passengers. What makes the E-LO unique is that it looks exactly like standard vehicles but with added features: No modifications to O.E.M. drive train - No steps - No lift - Ford rear wheel drive - Air ride suspension with kneeling features and an optional In-step ramp

Our Senator E-LO represents tough durability with state of the art features that answer the needs of disabled passengers, said Sam Craig, Vice President of Sales, StarTrans.

*This report contains forward-looking statements, other than historical facts, which reflect the view of management with respect to future events. When used in this report, words such as "believe," "expect," "anticipate," "estimate," "intend," and similar expressions, as they relate to the Company or its plans or operations, identify forward-looking statements. Such forward-looking statements are based on assumptions made by, and information currently available to, management. Although management believes that the expectations reflected in such forward-looking statements are reasonable, it can give no assurance that the expectations reflected in such forward-looking statements are reasonable, and it can give no assurance that such expectations will prove to be*

*correct. Important factors that could cause actual results to differ materially from such expectations include, without limitation, an economic slowdown in the specialized vehicle industry, limitations on the availability of chassis on which the Company's product is dependent, availability of raw materials, raw material cost increases and severe interest rate increases. Furthermore, the Company can provide no assurance that such raw material cost increases can be passed on to its customers through implementation of price increases for the Company's products. The forward-looking statements contained herein reflect the current view of management with respect to future events and are subject to those factors and other risks, uncertainties, and assumptions relating to the operations, results of operations, cash flows and financial position of the Company. The Company assumes no obligation to update the forward-looking statements or to update the reasons actual results could differ from those contemplated by such forward-looking statements.*
